

Attend a risk management workshop focusing on public works operations and practices related to claims of "Dangerous Conditions of Public Property."

June 23rd: How Best to Defend Claims Against Your Department

This workshop will cover risk management principles and practices to defend claims of "Dangerous Conditions of Public Property" including:

- Recognizing the most common dangerous conditions
- Know your duty to the public
- How to preserve immunity
- Use of effective documentation and record-keeping
- Review your inspection programs

Date and Location

Thursday, June 23, 2016
Rio Hondo Event Center
10627 Old River School Rd
Downey, CA 90241

Who Should Attend?

Public Works and Engineering supervisors, managers and department heads responsible for planning or managing public roads, sidewalks, trees, public drainage systems, trails, or other public property. Risk management employees may also want to attend this workshop.

About the Speaker

Rick Buys has spent 28 years managing public liability claims and providing training to cities in California. He is a past president of Public Agency Risk Managers Association. He is currently providing consulting to Bickmore on litigation management and contractual risk transfer practices.

Register

Pre-registration is required. Last day to register is June 20, 2016.
